1. The 'no. of STD, LTD, and work-related death claims' is the number of short-term disability, long-term disability, and work-related death claims first paid in the year. It excludes health care-only claims.
2. Some employers have been reclassified since their initial classification into a sector. The above table reflects employer reclassifications retroactively. Additional employer reclassifications occur from time to time, so the above table might differ slightly from previously provided.
3. 2020 data is as of June 30, 2020.
